Top-level continuing education

Participate in a targeted continuing education consisting of an online course and a face-to-face part, and receive a certificate issued by an Austrian university.

Microcredentials – compact courses for professional settings

- Expand your knowledge in a targeted subject area.
- Obtain a certificate from an Austrian university.
- Have your certificate recognised by other universities.

Find the right course for you at microcredentials.at

Course schedule

A microcredential is composed of three phases:

- 1 Basics in self-study**
Acquire the essential knowledge in an online course on our partner platform iMooX.at – flexible in time and space.
- 2 Guided lessons & practice**
Based on the online phase, expand your knowledge in courses taught by experts in the respective subject areas.
- 3 Certified completion**
Upon a final assessment, you will be issued a certificate by an Austrian university, which can also be recognised by other universities.

Example workload
